Second Consent Decree for RD/RA**

Civil Action No. 1:92-cv-406-M

APPENDIX A-1

1991 ROD

(Part 6 of 6)

1 around for two or three years. We don't have the
2 capability of paying this. It's just, you know,
3 preferred plan, that's good.

4 It's like going to the doctor, you know,
5 and having an injury to my back and the preferred
6 treatment would be surgery. Well, I couldn't up
7 for that. You know, I can't feed my family if I'm
8 laid up for six months. So I'd say to the doctor:
9 Well, what else can we do? You know, maybe I can
10 change my exercising habits, maybe I can change my
11 diet? What can I do?

12 What can we do over there and still not
13 compromise the water in the Bellamy reservoir or
14 in the Cocheco.

15 Again, I guess I'm just naive. It seems
16 to me if you go out there and grade it, if you go
17 up-slope and divert the water, if you put some
18 vegetation back on it, some trees, some grasses,
19 it seems to me nature mends very well.

20 And again, you know, I don't profess to
21 be a scientist in environmental studies or
22 anything else. Just common sense, there must be
23 things that can be done on an interim basis and
24 still make sure that, you know, number one utmost

1 concern is the protection of the water. There
2 ought to be things that can be started right now
3 and monitor the situations. From what I
4 understand it's already getting better. If we do
5 some simple things out there maybe we won't have
6 to go forward with a plan that has a price tag
7 that really is just beyond us. It's beyond us.
8 Thank you.

9 DAN COUGHLIN: Thank you.

10 Any last comments? Yes, sir.

11 JAMES H. McADDAMS: My name is James H.
12 McAddams. I am a forty-five year resident of this
13 community. Was for a lengthy period of time the
14 executive officer of the chamber of commerce
15 during a period of years when the community
16 experienced a large growth and development, and
17 since 1980 have been a member of the city council,
18 presently a mayor pro tem of the community.

19 My remarks are directed in the hope that
20 EPA might consider one of the several alternatives
21 that have been suggested to the much more
22 elaborate and expensive program as laid out in
23 your report and recommendations.

24 There are several reasons why I think

1 that consideration is worthy of thought. For one
2 thing, I have been, as many others have, closely
3 aware of this particular landfill site since we
4 first began to worry about it in the late '70s and
5 early '80s. There are at least one or two
6 features -- and this information may have been
7 shared earlier. I'm sorry, I was unable to be
8 here earlier this evening. But there are at least
9 two or three features in this landfill that
10 perhaps make it somewhat different than some of
11 the others.

12 And I think the most important thing
13 that I want to emphasize is that from the very
14 beginning the citizens of this community and the
15 government of this community have been primarily
16 interested in the health and welfare in the
17 residents of this community and the areas nearby.

18 And consideration of one of the
19 alternative methods, and I refer particularly to
20 perhaps monitoring, even more extensive monitoring
21 while we have a chance to learn if any of the bad
22 effects of this landfill are permeating further
23 than they are at the present time can be studied.

24 So without further comment, I just

1 simply feel that on the basis of the community's
2 record and being interested in public safety and
3 its continued interest in wanting that to be the
4 first and most important thing -- I know that
5 there's been lots of testimony about the economic
6 situation and the terrible impact it might have
7 upon this community. So if there's any way
8 possible, I would want to be one of those who
9 worked in every way that we possibly could to
10 support and guarantee public health and safety but
11 do it in the way that might let us determine what
12 the problem may be in the future. Thank you.

13 DAN COUGHLIN: Thank you.

14 Yes, sir.

15 HOWARD WILLIAMS: My name is Howard
16 Williams. I live at 18 Lisabeth Circle. I am
17 also a member of the Dover City Council, and I
18 couldn't let an opportunity go by, Dan, without
19 sharing my views again with you on my feelings on
20 the landfill.

21 I certainly support the cleanup the
22 landfill and protecting the environment at every
23 opportunity. I don't want to do anything that
24 might damage our water supply or damage the water

1 supply of Portsmouth. I'm certainly concerned
2 about that, like every member of the Dover City
3 Council is.

4 However, as you can see from the
5 presentation from the city manager of Dover, we
6 have trained him well in the value of a dollar.
7 This city council is very fiscal responsible and
8 we're working very hard to control our tax rate.

9 I would hope that you would look at the
10 options, and don't look at them in terms of the
11 risk that was present seven or eight or nine or
12 ten years ago. Look at it in terms of the risk
13 that's present today. And is this elaborate type
14 of a cleanup really merited based on the risk that
15 we have present to us today and what looks like
16 the risk that we could be facing in the future.

17 And I certainly want to assure you, and
18 I'm sure that you would not do otherwise, that you
19 would look at this and present to the taxpayer of
20 Dover a cleanup proposal that is both safe and
21 economically justifiable. Thanks very much.

22 DAN COUGHLIN: Thank you.

23 Anybody else?

24 JEANNE SHAHEEN: Like the officials in

1 Dover, I, as a state senator for this district,
2 can't pass up this opportunity to express my
3 concern about where the money to fund cleanup will
4 come from. As you heard earlier from State
5 Representative Janet Wall, the State is in a real
6 fiscal crisis. It's my hope that the State senate
7 will be able to put back the funds for the waste
8 water treatment plant, but if we cannot the city
9 of Dover is looking at a 13.9 million dollar cost
10 for the waste water treatment plant. If that
11 comes on top of 26 million for the cost of cleanup
12 of the landfill, clearly that's a burden that the
13 local taxpayer is not going to be able to pay.
14 Therefore we can hopefully all work together. The
15 State, the city of Dover, the town of Madbury, the
16 other responsible parties and the EPA to reach a
17 cooperative agreement on how we can best cleanup
18 the landfill in everyone's best interests. Thank
19 you.

20 DAN COUGHLIN: Thank you. What is your
21 name, please?

22 JEANNE SHAHEEN: Yes. My name is Jeanne
23 Shaheen, and I'm a resident of the town of
24 Madbury.

1 DAN COUGHLIN: Okay. Anybody else?

2 We thank you for your participation
3 tonight. I'd like to remind you that May 24th is
4 the close of comments. If you do want to make
5 written comment, please do so. Make sure they are
6 postmarked by May 24th. The address is included
7 in the Proposed Plan. And it's also on the board,
8 Cheryl tells me. So we thank you for coming, and
9 I declare the hearing closed. We will be here to
10 answer any questions up front if you'd like.

Section I

Site-Specific Documents

Introduction

This document is the Index to the Administrative Record for the September 10, 1991 Record of Decision (ROD) for the Dover Municipal Landfill National Priorities List (NPL) site. Section I of the Index cites site-specific documents and Section II cites guidance documents used by EPA staff in selecting a response action at the site.

The Administrative Record is available for public review at EPA Region I's Office in Boston, Massachusetts, and at the Dover Public Library 73 Locust Street, Dover, New Hampshire. *This Index contains confidential documents that are available only for judicial review.* Questions concerning the Administrative Record should be addressed to the EPA Region I site manager.

The Administrative Record is required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA).

ADMINISTRATIVE RECORD INDEX

for the

Dover Municipal Landfill NPL Site

(ROD Signed: September 10, 1991)

1.0 Pre-Remedial

1.1 CERCLIS Site Discovery

1. "Notification of Hazardous Waste Site" Form, EPA Region I (June 8, 1981) with attached Letter from Jay E. Stephens, City of Dover to Paul Dade, EPA Region I.

1.2 Preliminary Assessment

1. "Potential Hazardous Waste Site Identification and Preliminary Assessment" Form, EPA Region I (March 13, 1981).
2. "Potential Hazardous Waste Site Identification and Preliminary Assessment" Form, EPA Region I (October 15, 1981).
3. "Potential Hazardous Waste Site Identification and Preliminary Assessment" Form, EPA Region I (May 3, 1982) with attached National Priorities List Checklist of Data Requirements.

1.3 Site Inspection

1. "Potential Hazardous Waste Site - Site Inspection Report" Form, EPA Region I (September 24, 1981).

3.0 Remedial Investigation (RI) and Field Elements Study (FES)

3.1 Correspondence - Remedial Investigation (RI)

1. Letter from Paul J. Cavicchi, State of New Hampshire Water Supply and Pollution Control Commission to Judy Bersin (February 23, 1981). Concerning well water testing on February 11, 1981 and the precautionary recommendation that the water supply not be used for drinking purposes.
2. Memorandum from Paul J. Cavicchi, State of New Hampshire Water Supply and Pollution Control Commission to File (March 23, 1981). Concerning results of a meeting to discuss groundwater contamination in the vicinity of the site.
3. Trip Report on a Visit to Dover Municipal Landfill Site, Tom Roy, State of New Hampshire Bureau of Waste Management, Susan Hanamoto and Steve Mangion, EPA Region I (September 24, 1981). Concerning inspection of contaminated water.
4. Letter from Dan H. Allen, State of New Hampshire Water Supply and Pollution Control Commission to Robert Steele, City of Dover (January 15, 1982). Concerning agreement that a second round of sampling, as recommended by Camp, Dresser & McKee, is advisable.
5. Memorandum from John R. Moebes, EPA Region I to Merrill S. Hohman, EPA Region I (August 9, 1983). Concerning transmittal of the second Draft Remedial Action Master Plan and recommending its release.

3.1 Correspondence - Remedial Investigation (RI) (cont'd.)

6. Letter from John F. Zipeto, EPA Region I to Robert D. Steele, City of Dover (September 14, 1983). Concerning transmittal of the Final Remedial Action Master Plan.
7. Letter from John F. Zipeto, EPA Region I to Michael Donahue, State of New Hampshire Water Supply and Pollution Control Commission (September 14, 1983). Concerning transmittal of the Final Remedial Action Master Plan.
8. Letter from Timothy J. Porter, EPA Region I to Jean Doherty (October 4, 1984). Concerning transmittal of the Final Remedial Action Master Plan.
9. Letter from Patrick G. Gillespie, Wehran Engineering Corporation to Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission (July 1, 1985). Concerning transmittal of the Phase I Hydrogeological Investigation Report for review.
10. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Patrick G. Gillespie, Wehran Engineering Corporation (February 14, 1986). Concerning the request that additional background information be submitted and the status of all deliverables be reported.
11. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Renny Perry, City of Dover (April 15, 1987) with attached map of observation wells, "Water Quality Monitoring Data - OW-1" and "Water Quality Monitoring Data - OW-1A". Concerning groundwater samples taken from observation wells and notification that the lower aquifer (observation well OW-1) is contaminated.
12. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Ferioli (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
13. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Susan Conner (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
14. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Thomas Dubois (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
15. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Wagner (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
16. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Delp (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
17. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. D. Dubois (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
18. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Nystedt (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.

3.1 Correspondence - Remedial Investigation (RI) (cont'd.)

19. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Miles (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
20. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Dowaliby (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
21. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. H. Ekola, Sr. (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
22. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. K. Purrington (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
23. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Dumas (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
24. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Doherty (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
25. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Gagnon (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
26. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. R. Grant (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
27. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. A. Purrington (May 17, 1988). Concerning negative results of water samples taken from the local water supply well.
28. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Doherty (June 9, 1988). Concerning negative results of water samples taken from the local water supply well.
29. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Dubois (December 7, 1988). Concerning negative results of water samples taken from the local water supply well.
30. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Connors (December 7, 1988). Concerning negative results of water samples taken from the local water supply well.
31. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Mr. and Mrs. Thomas Dubois (October 12, 1989). Concerning negative results of water samples taken from the local water supply well.

3.1 Correspondence - Remedial Investigation (RI) (cont'd.)

32. Letter from Richard H. Pease, State of New Hampshire Water Supply and Pollution Control Commission to Susan Conner (October 12, 1989). Concerning negative results of water samples taken from the local water supply well.

3.1 Correspondence - Field Elements Study (FES)

33. Letter from Cheryl L. Sprague for Paul N. Marchessault, EPA Region I to Randall L. Lund, Davidson Interior Trim/Texton (July 19, 1989). Concerning field locations for the proposed monitoring wells.
34. Letter Report from Walter L. Graf Jr., Geo/Resource Consultants, Inc. to Cheryl L. Sprague, EPA Region I (September 19, 1989). Concerning a summary of drilling activities for monitoring well MW-101 during the period of August 9-25, 1989.
35. Letter from Richard C. Cote, HMM Associates, Inc. to Cheryl L. Sprague, EPA Region I (January 23, 1990). Concerning transmittal of the pages to be inserted into the January 8, 1990 "Draft Field Elements Study," HMM Associates.
36. Letter from Richard C. Cote, HMM Associates, Inc. to Cheryl L. Sprague, EPA Region I (March 6, 1991). Concerning modifications to the Management of Migration Alternative MM-4.

3.2 Sampling and Analysis Data

Sampling and Analysis Data - Remedial Investigation (RI)

1. Memorandum from C. E. Fuller, Camp Dresser & McKee, Inc. to Don Muldoon (March 23, 1981). Concerning analysis of water samples taken from private residential wells near the site. The following are attached:
 - A. "Sample & Site Data - Water Analysis - Former Landfill Area."
 - B. "Test Locations - Existing Wells."
 - C. "Certificate of Laboratory Analysis," Camp Dresser & McKee, Inc. (April 3, 1981).
 - D. "Certificate of Laboratory Analysis," Camp Dresser & McKee, Inc. (April 8, 1981).
2. Letter from Rance G. Collins, City of Portsmouth to Paul J. Cavicchi, State of New Hampshire Water Supply and Pollution Control Commission (June 5, 1981). Concerning transmittal of the results of surface water samples for volatile organic analysis.
3. Letter from Brook S. Dupee, State of New Hampshire Division of Waste Management to Beatrice Fogg, City of Dover (August 10, 1984). Concerning attached results of a private analysis of water which is discharging from the site and recommending that direct contact with run-off water be avoided.

The remaining Sampling and Analysis Data for the Remedial Investigation (RI) may be reviewed, by appointment only, at EPA Region I, Boston, Massachusetts.

Sampling and Analysis Data - Field Elements Study (FES)

4. Letter from Cheryl L. Sprague, EPA Region I to Randall L. Lund, Davidson Interior Trim/Texton (October 3, 1989). Concerning the Air Monitoring Program at the site.
5. Split Sampling Results, State of New Hampshire Department of Environmental Services (October 1989).

3.2 Sampling and Analysis Data - Field Elements Study (FES) (cont'd.)

6. Memorandum from David N. Pease, Resource Analysts, Inc. to William Rice, State of New Hampshire Department of Environmental Services (November 3, 1989). Concerning the attached:
 - A. "Certificate of Approval - Wastewater Analysis."
 - B. "Certificate of Approval - Drinking Water Analysis."
 - C. Test results for pesticides, PCBs, and acid/base/neutral extractable organic compounds.
7. Letter from Richard H. Pease, State of New Hampshire Department of Environmental Services to Cheryl L. Sprague, EPA Region I (January 5, 1990). Concerning transmittal of attached Chain of Custody forms and split sampling results taken at the site on November 12 - 13, 1989.
8. Memorandum from Richard C. Cote, HMM Associates, Inc. to Cheryl L. Sprague, EPA Region I (March 7, 1990). Concerning the treatability study work plan and the attached list of wells and parameters to be sampled.
9. Letter from Walter L. Graf Jr., Geo/Resource Consultants, Inc. to Cheryl L. Sprague, EPA Region I (March 13, 1990). Concerning the attached data comparison tables for samples split between HMM Associates, Inc. and the Geo/Resource Consultants, Inc. oversight team between November 6 - 11, 1989.
10. Letter from Cheryl L. Sprague, EPA Region I to Randall L. Lund, Davidson Interior Trim/Textron (January 9, 1991). Concerning transmittal of the "Ambient Air Risk Summary."
11. Letter from Richard H. Pease, State of New Hampshire Department of Environmental Services to Cheryl L. Sprague, EPA Region I (March 7, 1991). Concerning the results from sampling conducted on February 19, 1991 at B-8WT and B-8U monitoring wells.
12. Letter from Richard H. Pease, State of New Hampshire Department of Environmental Services to Cheryl L. Sprague, EPA Region I (March 26, 1991). Concerning the results from sampling conducted on March 8, 1991 from eight wells at four locations between the Bellamy Reservoir and the Dover Municipal Landfill.

The remaining Sampling and Analysis Data for the Field Elements Study (FES) may be reviewed, by appointment only, at EPA Region I, Boston, Massachusetts.
